

<b>Your Details</b>	
First Name:	Val
Last Name:	Clemens
<b>1</b>	
Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	I would be concerned at what these small cuts in service might be. I am happy to pay a little more to maintain current services.
If so, what should we do less of?:	
<b>2</b>	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	The roads in some areas are in very poor condition but I suggest the quality of repairs have not always been the best and need redoing relatively quickly. A 'do it once - do it right' attitude is important if reserves are to be used.

General comments:	I appreciate the time spent by councilors in reading and listening to the submissions on a plan for Lake Camp and the Clearwater huts. When considering future spending, I ask that funds are made available to ensure a number of urgent actions are taken to lessen the likelihood of further water quality degradation in Lake Clearwater; and to deal with weeds that will, in future, cause major problems.
