**1** Do you think we should decrease our day-to-day levels of service to reduce the average rate increase?  Yes  No

Why/why not?

If so, what should we do less of?

**2** Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?  Yes  No

Why/why not?

Our rural roads are in a desperate need of repair + upgrade.

**3** General comments:

Since the sides were graded off the Methven end of Line road, it is now dangerous. Trucks + large machinery avoid driving on the edge of tarseal. Consideration should be given to widening the tarseal. Repairs to our sealed roads have been poor quality.

Would you like to be added to our database to provide feedback on future consultations?  Yes  No
