General comments:	I wish to submit feedback with regards to playground equipment at parks and the domain around Ashburton. They are inaccessible to people with mobility issues who use wheelchairs. I am a very independent wheelchair using parent with 2 active young sons and I cannot take them to the park to play without having an able bodied person to help me due to the fact I cannot get into where the play equipment is because of the raised wooden edges. I have to sit at the side and watch. I'd dearly love to be able to get into the raised areas so I can be a part of our family trips to the playground.
