Your Details

Full Name: RANA STAPLES

Do you agree with our preferred option or do you support another option?

Drinking water meters: Don't install meters

Let us know why: Water meter installation for residential extra-ordinary connections for our property on Dolma Street, Methven for additional usage charges is unfair when smaller properties with pools, etc are exempt. This goes against what was said in a recent meeting in Methven. Rate increases and proposed Ecan increases are already a costly factor for Methven ratepayers

Elderly Persons Housing: Self sustaining in 7 years

Let us know why: Slow down the rental increase for these vulnerable elderly residents.

What do you think about our plans for our other projects and activities?: The increase in rates for the town of Methven is too high and has left most residents confused.
