

Do you wish to speak in support of your submission at the hearing?: Yes

I am able to attend: Evening

I intend to attend: In-person

Would you like to be added to our database to be notified of future consultations?: Yes

Your Details

Full Name: Ross Bowmar

Organisation: Redcliffs Station Ltd

Do you agree with our preferred option or do you support another option?

Drinking water meters: Spread over 3 years - Our preferred option

Let us know why: Somehow water infrastructure cost has to be fairly distributed. As far as I'm aware not paying for water but rather infrastructure. However, this wont really affect us as we have to pay for our water infrastructure anyway.

Elderly Persons Housing: Self-sustaining in 2 years - our preferred option

Let us know why: Rate payers should not be providing community housing through rates. People should pay own way or be central government supported.

What do you think about our plans for our other projects and activities?: The Upper Rakaia Gorge would like to see further progress on the road enhancements in our community. Living in such a remote community the people get very few other benefits from paying rates. The new road will greatly enhance safety which is as shown by COVID is the number one consideration for the country. The only thing required of ADC is dealing with ECAN so the project can progress.
