Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	Yes
Why / Why not?:	As there is less tourists at this stage we can skip some services which is not urgent.
If so, what should we do less of?:	Car pooling with staff members, using solar power lights or sensor lights rather then conventional , offer voluntary services where ever possible.
2	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	Roads are urgent specially in winter as it gets frosty and lack of marking on road , roads aren't very nice here in ashbuton as compared to auckland or north.
