

**Submission to Ashburton District Council
on Long Term Plan re: location of second
Ashburton Bridge**

To whom this may Concern,

We were not able to attend a meeting held two or three weeks ago
re the second bridge.

We have been at the Timwald side of Ashburton for the past 40 years as
of March this year. Address 14 Legmhor Road.

A second bridge was mention to us then. makes a bit of sense to us.

Plenty of room on the East side of Railway track.

New bridge beside old Bridge joining up with West street. (Simple)

The town up grade is costing millions why would anybody in their
right mind think of taking people away from the town area.

Chalmers Ave & Malcolm St is a big no for us.

Signed
