Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	Maintenance is important to keep up appearances & health & safety.
If so, what should we do less of?:	
<b>2</b>	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	Again this is a maintenance problem. The state of our roads have been allowed to slip hence more money is required to bring them up to standard. A one off payment from the forestry fund may do the trick.
