| Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? : | No |
| Why / Why not?: | |
| If so, what should we do less of?: | |
| 2 | |
| Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?: | Yes |
| Why / why not?: | what is a reserve for but for using when you have a shortfall. the money being spent on small patches that has to be redone a number of times would be better spent doing the job properly the first time and reducing the requirement for lots of ongoing short term fixes. Spent the money wisely now and it will save going forward. |
