

Submission to Ashburton District Council
on Long Term Plan re: location of second
Ashburton Bridge

I have been watching this debate for some time and am very disappointed with council trying to bully people into thinking Chalmers is the only sight to go for. I am hoping that council will fall on their sword, and listen to the Ashburton people on this. The wee bit in your booklet was poor over the bridge discussion.

I can see no hold ups in the West St. option from the south side of the bridge as is very straight forward.

will only enhance Ashburton as a town as people will step in and enjoy it.

When highways are removed out of town they struggle to survive. I strongly support West Street
