

<b>Your Details</b>	
First Name:	kaitlin
Last Name:	dixon
<b>1</b>	
Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	Yes
Why / Why not?:	if things were done right in the first place you shouldn't always be on the same job in years to come.
If so, what should we do less of?:	
<b>2</b>	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	No
Why / why not?:	do it properly the first time and you wouldn't have to do road repairs. the road along towards mayfield from geraldine is the worst road imaginable for potholes and they've had to redo the whole road that's been well over a couple months. if that was done right in the first place and not always needing to have do potholes fixed then you wouldn't have to be using 1.7 million for the roads and it could be going towards something that's more beneficial for the whole community.
