

Your Details	
First Name:	Teri
Last Name:	Hanham
1	
Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	There's a lot of work needed to make our roads and pedestrian areas safer. It is also very hard to comment without relevant data and examples of which services would be likely to decrease.
If so, what should we do less of?:	
2	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	
Why / why not?:	How much is left in the forestry reserve? What percentage is this and what percent of existing repair requests will this cover? Very hard to make informed comments without all of the information.
3	
General comments:	This survey should come with an abridged summary of the issues on which we're expected to comment. Locals shouldn't be expected to read the full plan or comment without background.
