What do you think about our plans for our other projects and activities?: I would like you to return to the previous LTP commitment (following consultation) of putting a climbing wall in the EA network centre. Would also like to see more children-oriented facilities in public spaces like the domain, as at the moment it seems such facilities (like the flying fox and castle) have been removed and replaced by adults-oriented sport equipment. And finally I would like to see the Filipino gardens permanently located in the Ashburton domain.
