

**Submission to Ashburton District Council
on Long Term Plan re: location of second
Ashburton Bridge**

I wish to submit to the LTP re the location of the second Ashburton River bridge.

I wish to speak to my submission.

I am a longest serving resident on Chalmers Avenue (from 1950's). I live east Chalmers Avenue between Burnett and Tancred Streets.

I oppose this route. My reasons for this are:

Even now, there is too much traffic and the prospect of lots more along here if the new bridge is located there is horrifying.

The rumbling of trucks even now is very disturbing and prevents residents like myself from a peaceful and quiet existence along this street.

Chalmers Avenue would need massive re-engineering to cope with the increased traffic flows and this would cut east and west of the street in half creating difficulties for someone like me to get into town.

Roger Vessey
