Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	As far as I can see council is reviewing hours places are open and adjusting to the demand from the community
If so, what should we do less of?:	
2	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	Roading is so far behind what I would like to see, therefore we need to get potholes repaired effectively as this will save money in the long term. Would then like to see rural roading (shingle roads) brought up to 21st century standards
