Full Name: Ivan Coldicott

Do you agree with our preferred option or do you support another option?

Drinking water meters: Don't install meters

Let us know why: Another layer of bureaucracy. Council could go a long way towards fixing waste by more effectively responding to toby box leaks and other reported faults. To say that no general water charge will be instigated is barely believable -once the legislation is in place it will be used at some point for a general charge. Council's record of general water oversight in Mid Canterbury has been deplorable.

Elderly Persons Housing:

What do you think about our plans for our other projects and activities?: The second bridge option to use Chalmer's Avenue is ridiculous. Clearly the general public is indicating that it too thinks the option is poorly thought-through and driven by cost and/or ideology. I much prefer the continuation of West Street.
