Drinking water meters: Don't install meters

Let us know why: I am concerned that this will end up being another cost we are charged for. Why is the water going to be metered, when one person could be employed to find current leakage at a fraction of the cost?

Elderly Persons Housing: Self-sustaining in 2 years - our preferred option

What do you think about our plans for our other projects and activities?: As a first home buyer (in Dec 2020) I didn't factor in such a large rate increase. I do understand a rise is inevitable but should be relative to other towns within the ADC region. I feel the LTP contains several very expensive projects including the civic centre which should not be a burden to ratepayers.
