Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	Increase the level of service, by managing better and getting more value from the current budget. Employ professional managers, not just people who have been in council for decades
If so, what should we do less of?:	
<b>2</b>	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	There should not be a forestry reserve, the councils business is not in holding forestry but in providing needed services for ratepayers.
