1 Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? Yes No

Why/why not? Services to public would suffer as a result of this.

If so, what should we do less of?

2 Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs? Yes No

Why/why not? If selling trees I agree, but not the reserved land that the trees grow on. The land & control of the land should be retained for future use.

3 General comments:

We are fortunate to live in New Zealand and protecting and caring for our infrastructure is of paramount importance.

Would you like to be added to our database to provide feedback on future consultations? Yes No

PLEASE NOTE: All submissions are public documents, your name and submission will be published on our website with your contact details removed. Please indicate on your submission if you do not wish your name to be published.
